PROFESSIONAL EXPERIENCE (~4 YEARS)

HASHCORE   **Delaware, USA**
Full Stack Software Engineer (Remote)   **11/2023-Present**

- Collaborated in a fast-paced, cross-functional Web3 team to develop and scale a **DeFi dApp** serving **hundreds of thousands of global users**.
- Led the development of core **frontend modules** using **Next.js**, **React.js**, and **WebSockets**, including a **real-time comments system** and **video live streaming module** with seamless third-party API integrations.
- Contributed to **backend engineering** by building a **high-performance cache server** to optimize data delivery and API responsiveness.
- Integrated various technologies such as **GraphQL**, **MongoDB**, **Express**, and **AWS**, while collaborating on **on-chain data handling via indexers**.
- Played a key role in implementing **end-to-end features** across the MERN stack, emphasizing modularity, scalability, and user experience.
- Actively participated in prompt engineering and AI-enhanced workflows to support intelligent features and improve development efficiency.

UIT UNIVERSITY   **Karachi, Pakistan**
MERN Stack Instructor   **11/2024-Present**

Leading **weekend** course starting from HTML basics and progressing to full **MERN** stack development. Covered Git, Tailwind CSS, Figma, third-party APIs, frontend/backend deployment, freelancing tips, and hands-on projects, empowering many deserving students.

FRONTEND DEVELOPER   **Karachi, Pakistan**
Stayllons Technologies   **9/2023-11/2023**

Worked on a feature-rich **matrimonial application** using **React.js**, implementing Instagram-like features such as **stories**, **posts**, **advanced search & filters**, and **authentication flows**. Contributed to building a seamless, modern user experience in a complex frontend environment.

FRONTEND DEVELOPER   **Karachi, Pakistan**
Pluton ltd   **5/2023-9/2023**

Built and maintained diverse **Web3** projects including **NFT marketplaces**, **dApp landing pages**, and complex frontend systems. Implemented key features such as **multi-language support**, **RTL layouts**, and **interactive sliders**, ensuring responsive and accessible UI across platforms.

FRONTEND DEVELOPER   **Karachi, Pakistan**
The Four C's   **10/2021-10/2022**

Developed and maintained multiple **web applications** and **landing pages**, focusing on responsive design, performance optimization, and clean UI using modern frontend technologies.

EDUCATION

UIT UNIVERSITY (AFFILIATED WITH NED UNIVERSITY)   **Karachi, Pakistan**
Bachelor of Science in Computer Science   **2019-2023**
- Awards: 2nd position in ICT Project Exhibition, Got Selected and completed 6 months Internship at UIT's Microelectronics research lab.

PERSONAL PROJECTS

FINAL YEAR PROJECT AT UIT UNIVERSITY
Final year project management system
A system specially designed for universities to track and manage their FYP processes. In which Admin, FYP Co-ordinators, FYP Supervisors and Team members can participate

Notable Projects:
https://kubeflux.com
https://claimhubnew.netlify.app
https://greenerpakistan.netlify.app
 https://tradepedia.io
 https://bytemates.com
 https://city-estate.onrender.com
 https://thenic.se
Other notable projects will be shared upon request.

ACHIEVEMENTS AND AWARDS

Certificates
- Certificate of Appreciation for conducting MERN course – UIT University
- HTML, CSS & JavaScript – 10Pearls University
- Getting Started with Jira – Coursera
- Introduction to API Testing with Postman
- Freelancing – DigiSkills.pk
- Git Fundamentals – 10Pearls University

Awards
- Guest Speaker shield for conducting career counseling seminar– IEEE Sir Syed University (SSUET)
- 1st Position – Adobe Photoshop (Global Computer Institute)
- 1st Position – Microsoft Excel (Global Computer Institute)
- 1st Position – Flash (Global Computer Institute)
- 2nd Position – ICT Project Exhibition (UIT University)
- A+ Grade – CIT Course (Sindh Board of Technical Education)
